

NORTHWESTERN BELL TELEPHONE COMPANY

Out of town friends are Phone 9452 only a call away

A heart-warming visit when you are lonesome...a call to reassure you when you're worried...a business discussion with someone in a distant city—Long Distance is quick, personal and satisfying. And it costs so little!

It's Easy to Call Long Distance

- 1. If you'll talk with anyone available at the telephone you call, just tell the operator the town and number you want. This is the fastest and most economical way of calling. If you don't know the number, give the operator the name and address and she'll get it for you.
- 2. If you want to reach a certain person, tell the operator. Charges on person-to-person calls begin when the person you want answers. Rates for these calls are somewhat higher than station-to-station calls.
- **3.** If you want to call "Collect", tell the operator. Conversations on these calls do not begin until the called party accepts the charges.

SAVE AFTER SIX!

Lowest long distance rates are in effect every night from 6 P.M. to 4:30 A.M. and at all hours of the day on Sunday and on the holidays of Christmas, New Year's Day and Thanksgiving.

LONG DISTANCE SERVICE

Fast—Personal—Low in Cost

Call Station-to-Station when you are willing to talkto anyone who answers. Station-to-Station calls cost less than person-to-person calls.

Call Person-to-Person if you wish the operator to reach a particular person by name or title, or a department or private switchboard extension number.

Reduced Rates are in effect every night from 6 p.m. to 4:30 a.m. and on the holidays of Christmas, New Year's Day and Thanksgiving as well as all day every Sunday. These rates are lower than corresponding weekday rates on both station-to-station and person-to-person calls for distances of 56 miles or more.

You will receive faster service if you place your calls in the following manner:

FIRST—Give the operator the name of the town and state you are calling. Then the telephone number. EXAMPLE: "Detroit, Michigan—Woodward 5-3456." If it's a person-to-person call also give her the name of the party you want.

SECOND—If you don't know the telephone number, give the name and address and tell the operator whether it's a station-to-station or person-to-person call.

Hold the line unless the operator says there will be a delay and give your telephone number when she asks for it. Most long distance calls go through while you wait. When you CALL BY NUMBER the majority of calls are connected in a matter of seconds.

Your representative in the Business Office will be glad to furnish a "Personal Telephone Directory" for recording out-of-town numbers frequently called.

Collect Calls—If you wish the charges billed to the telephone you are calling, please notify the operator when you place the call. This may be done on both person-to-person and station-to-station calls without extra cost, except on station-to-station calls within Iowa of 20 cents or less for the initial period, and interstate calls of 25 cents or less for the initial period. These take a higher rate when placed collect.

Appointment Calls—The long Distance operator will arrange for you to talk to a distant party at a specified time, if you so desire. Person-to-Person rates apply to this service.

Call By Number For Faster Long Distance Service

HOW TO GET THE MOST SERVICE FROM YOUR TELEPHONE

Whenever you pick up the telephone, you are about to make an impression on someone important - the person at the other end of the line. He can't see your facial expressions or your gestures. He must depend on what you say and how you say it your tone, your inflection, your way of expressing yourself.

Here, for your consideration, are some suggestions on using the telephone that are helping many persons and their companies to make friends.

Before You Call Make Sure of the Number

A wrong number inconveniences you and the person called. Consulting this directory or a personal calling list when not sure of the number saves time and dispositions.

Apologize For Wrong Numbers

If a wrong number is reached, an apology helps "M" 50227" the person called in error to feel better about it. Hanging up without acknowledging his answer can be irritating and bewildering to him.

Place Your Own Calls and Be Ready to Talk

Few business practices are more irritating and inefficient than that of a secretary asking a person to hold the line while she. gets the person who is 25 to talk on the line.

Give Person Called Time to Answer

The person you call may be farther from the telephone than you think. Allowing enough time to answer . . . 10 rings or a full minute . . . often avoids making another call.

Normal, Natural Tone of Voice Is Best

Shouting distorts your voice and isn't pleasant. It also is irritating to try to understand someone who whispers or mumbles or doesn't talk directly into the transmitter.

Leaving Word Keeps You in Touch

When you're to be away from your phone, you may avoid losing important calls and in-formation if you'll leave word where you'll be and when you expect to return.

Hang Up Gently

Thoughtless slamming of the receiver may seem an act of discourtesy to the person with whom you've been talking. You don't mean it, of course, but it may leave the wrong impression.

Visualize the Other Person

You're much more apt to be pleasant and understanding if you "see" and speak TO the person at the other end of the line and not TO the telephone.

Answering Promptly Helps Complete Call

Immediate attention to the tele-

Identify Yourself When You Answer and When You Call

It gets a conversation off to a good start when you let the person calling know who you are. Say, for example, "Mr. Brown" or "Brown speaking", Roberts Company" or "Bates Brothers, C. R. Jones speaking." It saves time and confusion.

Booklets for Business Customers

Booklets on how to get the most value from tele-phone service and how to use it most efficiently and courteously are available at the Telephone Business Office.

Ames Civic Information

Historical

The land upon which the village of Ames was later established was originally purchased from the government by Mrs. Cynthia O. Duff. On November 26, 1864 this property was deeded by Mrs. Duff to John I. Blair and in July, 1864 the first settlement was made and the Cedar Rapids and Missouri River Railroad (now the Chicago and North Western Railway) was built west to this community.

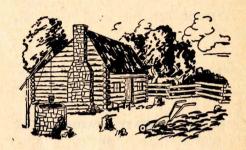

In 1865, The John I. Blair Land Company laid out and platted the original town of Ames, consisting of twelve blocks located north of the Chicago and North Western Railway Company's right of way; and between Duff Avenue on the east, Burnett Avenue on the west, and Eighth Street on the north.

The settlement was named in honor of Oakes Ames, a Massachusetts Congressman, who was financially interested in the building of the, then, Cedar Rapids and Missouri River Railroad. Congressman Oakes Ames donated a church bell to the Congregationalists in honor of their erection of the first church in the town. There are now 21 churches in Ames with many other denominations holding services in special halls and in Memorial Union.

In 1866 Ames was successful in its struggle with Nevada, the county seat, for the location of the "narrow gauge" railroad to Des Moines. This railroad known as the Iowa and Minnesota Railroad was not completed until 1874. Later in the Seventies, this railroad was extended north into Hamilton County to a prairie station, called Callanan, long since abandoned. The railroad after being operated for several years was purchased by the Chicago and North Western Railway Company and widened by them to standard gauge.

In 1859 the citizens of Story County voted \$10,000.00 in bonds and assisted in raising an additional \$11,000.00 in cash and land to secure the location of Iowa State College of Agriculture and Mechanic Arts. The first legislative appropriation for buildings was made by the state in 1864. The school was formally opened on March 18, 1869, with A. S. Welch as President.

The 1959 session of the Iowa Legislature approved a change in name to Iowa State University of Science and Tech-

nology effective July 4, 1959. The present total value of land, buildings and equipment of Iowa State University is about \$43,390,000.

Ames was incorporated as a village in 1870 and became a city of the second class on November 13, 1893. Results of the 1950 census placed Ames as a city of the first class with a population of 22,898, including college students. At the time of incorporation in 1870, there were 656 residents.

Ames is located in Story County, close to the geographical center of Iowa, 33 miles north of the State Capital, Des Moines. The city is at the junction of two major transcontinental highways—U. S. 30 and U. S. 69, and is on the main line of the Chicago and North Western Railroad. Bus service is provided in the city by the Midwest Transit Company and out of the city by the Greyhound and Jefferson Bus Lines. Air service is provided by the Howard Flying Service, located at the Municipal airport.

Ames has a city daily newspaper published 6 days a week, a student daily newspaper published 5 days a week, two radio stations, KASI and WOI, and one television station, WOI-TV.

Many state and federal institutions and offices are located here, among which are the Iowa State University, the Iowa State Highway Commission, Iowa Agricultural Extension Service, Soil Conservation Service and National Animal Disease Laboratory.

Among recreation facilities in Ames are 3 theaters, 1 drive-in theater, 2 athletic fields, 2 field houses, 2 gymnasiums, 3 public golf courses, 3 swimming pools, 4 bowling alleys, 1 skating rink, 1 billiard parlor, the Ames Golf and Country Club, the Ames Municipal Airport. 166 acres of park area and hundreds of public events annually—music, lectures, dramatics, athletic and social events.

What Do They Say about Extension Telephones?

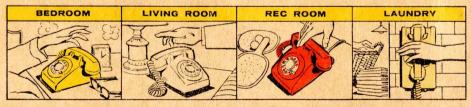

Telephone users who have extension telephones like 'em and use 'em. Here are some of their reasons for liking them so much...

KITCHEN—Close at hand when washing dishes or cooking...cuts down on the children coming in and tracking through to another phone...color phone brightens up the kitchen...so handy when eating.

BEDROOM—Use it often when housecleaning and making beds...saves running to the phone...can always talk privately even in our small house...nice for night calls—feel safer, too... when someone is ill, can stay in bed and still keep in touch. REC ROOM — It wouldn't be a family room without a telephone ... use it with other phones to "share" long distance calls ... when you get relaxed you hate to move, and you don't have to.

LAUNDRY—Never have to run upstairs to the phone ... can hear the phone ring even with the washer going... in an emergency, might not be able to get to the phone upstairs ... a blessing because climbing stairs is no fun.

For extension telephones and other telephone service improvements, just call our Business Office.
